

FOR ORGANIZATIONS

Train your people. Or I'll **build** it for you.

I'm Jermaine Peguese, President and CEO of Pathworth Consulting and Solutions, and The Chairman of AI. I run my own company on an AI workforce I built myself. I make AI simple, so your people go from fearing it to irreplaceable.

HOW I HELP

Train your team

Your people bring their real work and leave using AI on it the next morning.

- Keynote for the whole room
- Leadership session, half day or full day
- Staff training with a prompt library built for their actual jobs

Build it for you

When the answer is a system, not a class.

- AI Roadmap: two weeks, see below
- Automations and AI agents, scoped to you
- Fractional AI partner, on call every month

Reach your young people

So they lead this instead of scrolling it.

- Youth AI Workshop, one day
- Youth AI Lab, six sessions and a showcase
- **One free community youth session a month**

What the AI Roadmap puts in your hands

1. Interviews with you and up to five of your staff.
2. A map of where your hours actually go today.
3. The five jobs AI should take first, ranked by hours saved.
4. A written rule sheet for staff: what goes into AI, and what never does.
5. A build plan with a price on every piece, and a 30-day check-in after.

WHY BRING ME IN

President and CEO, Pathworth Consulting and Solutions | Special Projects Manager, NAACP Detroit Branch

Michigan Chronicle 40 Under 40, 2026 | 5.0 on Google, 16 reviews

Teaching AI since 2022, in church halls, summits and nonprofit offices

**Whatever you've got going on,
run it by Jermaine.**
